"Models That Work" Campaign

AGENCY: Health Resources and Services Administration, HHS.

ACTION: Notice of cosponsorship opportunity.

SUMMARY: The Health Resources and Services Administration (HRSA) announces the opportunity for private and public organizations to join us in cosponsoring the "Models That Work" Campaign. The Campaign is a nationwide, multi-year initiative designed to identify and promote programs that serve as models of innovative approaches to the delivery of primary and preventive health care to underserved and vulnerable populations. HRSA's Bureau of Primary Health Care launched the Campaign in the fall of 1994. The next cycle of the Campaign will begin May 1, 1996, with a national competition to identify model programs.

DATES AND ADDRESSES: Nominations are due on May 3, 1996, and should be sent to Dr. Regan Crump in HRSA's Bureau of Primary Health Care, 4350 East West Highway, Bethesda, Maryland, 20814.

FOR FURTHER INFORMATION CONTACT: Requests for additional information on the "Models That Work" Campaign and cosponsorship should be directed to: Dr. Regan Crump, Health Resources and Services Administration, Bureau of Primary Health Care, 4350 East-West Highway, Bethesda, Maryland, 20814 Fax: (301) 594-4997; phone: (301) 594-4340. Email: RCRUMP@SSW.DHHS.GOV

SUPPLEMENTARY INFORMATION: The "Model That Work" Campaign has four main objectives: 1) to identify programs that serve as models of innovative approaches to the delivery of primary and preventive health care to underserved and vulnerable

populations, 2) to share information about the Model programs and strategies with interested parties, 3) to maintain a dialogue with health care leaders and decisionmakers on the benefits of investing in new approaches for providing primary and preventive care, and 4) to stimulate public-private partnerships that support innovative community-based primary care infrastructures.

The next cycle of the Campaign will begin with a national competition to identify model programs. The winners of the competition will be featured at a national symposium to be held this fall in Washington, D.C. Lessons learned from the winning models will be shared through a variety of means, including process releases, articles, a video, a compendium, and exhibits at conferences. The winners are expected to be available to provide technical assistance to entities interested in replicating or adapting their model.

Expectation of Cosponsors

Cosponsoring organizations must have a substantive interest in the goals of the Campaign and are expected to be active participants in the Campaign. Cosponsorship involves joint development, support, implementation, and evaluation of the Campaign with the Health Resources and Services Administration's Bureau of Primary Health Care and other cosponsors. A copy of the Department of Health and Human Services guidelines on cosponsorship is available upon request.

Cosponsor Nomination Process

Representatives of interested organizations can nominate their organization by sending a 1-3 page letter that includes: (1) A description of the organization and its mission, (2) evidence of a substantive interest in the Campaign, and (3) a statement on how the organization's participation will enhance the ability of the Campaign to fulfill its purpose.

Dated: March 28, 1996.

Ciro V. Sumaya,

Administrator.
